Live it again

There was a time  
when people mastered  
dance moves

When dressing fancy  
was a cool idea

When a good design  
lasted for decades

**All those days are now.  
Live it again!**

**Carmen**

The new vintage Roca Collection.

Designed in 1946,  
updated with today's best.

## Dancing alone is not an option

We have brought back those days when  
every dance was a language and every  
move was a word

## Design lasts for decades

We go back to the time when  
a design would last for decades and  
everything was created to inspire

## Elegance, a way of life

Let's bring back the time when fancy was  
a lifestyle and each detail had a meaning

# The new vintage Roca Collection

Carmen is a tribute to one of Roca's most iconic basins of the 1940s, which comes back with a clear vintage character to become a vitreous china and furniture collection with the latest innovations in the design of bathroom spaces
