ELITStone

ElitStone to marka blatów, konsol i paneli ściennych zaprojektowanych konkretnie dla firmy Elita. Te piękne elementy zostały wykonane z marmuru kompaktowego.

ElitStone to produkty wykonane w 96-97% z naturalnego marmuru z domieszką 3-4% naturalnych żywic. Oznacza to, że kamień ElitStone zachowuje wszystkie właściwości mechaniczne i estetyczne naturalnego kamienia. Dzięki czemu otrzymane elementy są odporne na zarysowania, działanie wody i pary wodnej, a także wysokich nacisków.

Ze względu na swoją solidność zarówno blaty, panele ścienne jak i konsole świetnie sprawdzą się nie tylko w domu, ale również w pomieszczeniach użyteczności publicznej.

ElitStone is a brand of countertops, consoles and wall panels designed specifically for the Elita company. These gorgeous components are made of compact marble.

ElitStone products are made of 96-97% natural marble with an admixture of 3-4% of natural resins. This means that ElitStone retains all the mechanical and aesthetic properties of natural stone. As a result, the components obtained are resistant to scratching, the effects of water and steam as well as high pressures. Due to their reliability, countertops, wall panels and consoles are all perfect not only at home, but also in public utility rooms.

LUSTRO PARIS

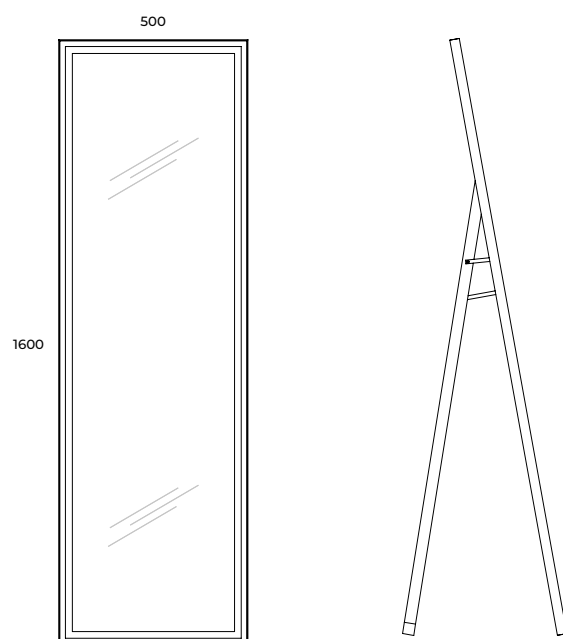

PARIS MIRROR

Idealne lustro powinno łączyć w sobie funkcjonalną formę oraz dekoracyjny wygląd z nowoczesną techniką. Stojące lustro LED Paris jest wystarczająco duże, aby zobaczyć całą sylwetkę ciała oraz stanowi idealne uzupełnienie łazienki. Dzięki wytrzymałej podporze lustro może stać w dowolnym miejscu. Specjalnie przygotowana szyna umożliwia zawieszenie lustra na ścianie w pionie. Efektowna rama LED tworzy rodzaj stylowej oprawy oraz stanowi dodatkowe źródło światła.

Nowoczesne, czyste i proste linie zapewniają ponadczasowy i elegancki wygląd, który podkreśli walory każdego pomieszczenia.

The perfect mirror should combine a functional form and decorative appearance with modern technology. The LED Paris standing mirror is large enough to see the full profile of the body and is the perfect complement to the bathroom. Thanks to its sturdy support, the mirror can stand anywhere. A specially designed rail allows the mirror to be hung vertically on the wall. The impressive LED frame creates a stylish setting and provides an additional source of light. Modern, clean and simple lines provide a timeless and elegant look that will enhance the ambiance of any room.
